3. CUSTOM BIZSAVER^{/1} (Cont'd)

(C) /2/

B. REGULATIONS

1. Custom BizSaver is available to all eligible Retention, Winback and Win customers, described in A. preceding, and new customers.
2. Custom BizSaver is available to business customers who subscribe to 1 to 10 individual Business Measured Rate Service access lines, as described in Guidebook Part 4, Section 2.
3. All access lines on the billing telephone number must subscribe to Custom BizSaver.
4. Customers must verbally agree to a one-year term commitment for Custom BizSaver or, when applicable, must agree on-line when using an authorized Company Internet website, where available.

In lieu of a one-year verbal agreement, customers may elect to sign a written two or three-year term agreement and receive pricing as set forth in C.2. following. Two and three-year term agreements are not available on Custom BizSaver packages with Local Usage Optional Calling Plans.

5. Upon expiration of the one, two or three-year term, the customer will be billed at the tariff rates for the individual package components specified in Guidebook Part 4, Section 2 and Part 7, Section 5 (Non-Business Solutions Rate for Unlimited Local Calling Plan) unless the customer expressly elects another service or plan or has previously opted for a renewal option as specified in 6. following. The renewal option in 6. following is not available to customers opting for the written two or three-year term agreement.
6. At the time of the initial subscription, the customer may elect to renew Custom BizSaver for up to two (2) additional one-year terms under the same terms, conditions, and rates as the initial subscription. If the customer elects the renewal option, a renewal letter will be sent prior to the expiration of each one-year term. The customer must contact the Company to cancel the renewal; otherwise, the new one-year term will take effect upon expiration of the previous term.

Upon completion of the final renewal term, the customer will be billed at the Guidebook or tariff rates for the individual package components specified in Guidebook Part 4, Section 2 and Part 7, Section 5 (Non-Business Solutions Rate for Unlimited Local Calling Plan) unless the customer expressly elects another service or plan.

3. CUSTOM BIZSAVER^{/2/} (Cont'd)

/3/ (C)

B. REGULATIONS (Cont'd)

7. If the customer discontinues their Custom BizSaver package before the expiration of their one, two or three-year term, an Early Termination Charge will be assessed equal to 50% of the monthly recurring charges for each month remaining in the term agreement.

The customer may reduce or increase the number of lines in the Custom BizSaver package without incurring an Early Termination Charge provided the Custom BizSaver package is not completely discontinued. A new one, two or three-year term will begin when the number of lines changes under the billing telephone number of the Custom BizSaver package to which the customer subscribes. Written two and three-year term agreements will require the customer to sign a new two-year or three-year written agreement.

8. Eligible Business Solutions customers who upgrade their lines to Custom BizSaver will not incur any termination charges associated with their Business Solutions commitment on the upgraded lines.
9. Eligible customers subscribing to Unlimited Local Calling Plan^{/1/} who upgrade their lines to Custom BizSaver will not incur any termination charges associated with Unlimited Local Calling Plan; however, a new term will begin with the upgrade to Custom BizSaver.
10. Custom BizSaver Early Termination Fee Waiver

Eligible customers will receive a one-time waiver or refund of early termination fees associated with Custom BizSaver. Eligible customers include business customers who terminated their Custom BizSaver service for the purpose of establishing service with a Competitive Local Exchange Carrier (CLC) and who have now returned to the Company and subscribe to Custom BizSaver with a term equal to or greater than the term of the previously terminated Custom BizSaver agreement. The Bill Name on the billing telephone number must be the same as on the prior Company account with Custom BizSaver.

The customer will not be eligible for this waiver if the previous Company account was disconnected for non-payment.

/1/ CBS with Unlimited Local Calling Plan is Grandfathered effective January 4, 2010.
See AT&T California Guidebook Part 2, Section 2.

/2/ (C)

B. REGULATIONS (Cont'd)

11. Early Termination Fees are not applicable if during the Custom BizSaver term period the customer converts to another Company access and local usage plan with a term equal to or greater than the remaining Custom BizSaver term plan.
12. Win and Winback Waivers
 - a. Win and Winback customers who commit to a one, two, or three-year term agreement will have the monthly recurring charges for Custom BizSaver waived on all eligible lines for the first month of billing. This waiver of charges is not applicable in the first month of any subsequent renewal term or for the first month of the second or third year in a two or three-year term agreement.

Win and Winback access lines are not eligible for this waiver if added to a new or existing Custom BizSaver account (Billing Telephone Number) when the customer has existing service with the Company.
- b. The nonrecurring charges for additional Custom Calling Services will be waived for Win and Winback customers who order additional Custom Calling Services at the time of ordering a Custom BizSaver package. CCS added after the Custom BizSaver package is established will incur the applicable nonrecurring charges.
13. Hunting is an optional feature for the Custom BizSaver Multiple Line option. If Hunting is selected after the initial installation of Custom BizSaver, nonrecurring charges will apply per Guidebook Part 3, Section 1.
14. Custom BizSaver is not available with other products/services or promotions that provide nonrecurring charge/service charge waivers or discounts on the access line, usage, or features, except as provided for in this tariff.
15. Two and Three-Year Term Agreements
 - a. Custom BizSaver is available for a two or three-year term provided the customer agrees and signs a written term agreement.
 - b. Rates for Two-Year and Three-Year Terms are specified in C.2. following.
 - c. Except for B.6. preceding all Regulations contained herein apply to the two and three-year term agreements.
16. Out of Block minutes will be billed at the rate set forth in Guidebook Part 7, Section 5 for Custom BizSaver packages with Local Usage Optional Calling Plans.

5. FARMER LINE SERVICE

/4/ (C)

A. FARMER LINE SERVICE – BUSINESS^{/1/}**1. Description**

Exchange service furnished in suburban area of an exchange by use of lines provided, owned and maintained in part by customers to the service. This service applies to individual and multiparty line services.

2. Regulations

- a. Rates for service other than extended service comprehend local service without additional charge to all stations receiving service from the exchange from which the service is furnished.
- b. Rates for extended service in other than Zone Usage Measurement Service areas comprehend service without additional charge as set forth in Guidebook, Part 4, Section 1, which defines the local service areas.

Rates for extended service in Zone Usage Measurement Service areas comprehend service as set forth Guidebook, Part 4, Section 1, which indicates the local service areas.

- c. Service is furnished outside the base rate area and within the exchange area. A farmer line station shall not be located within the base rate area. If subsequent to a base rate area expansion, an existing farmer line service located within the expanded area may be retained by the subscriber or successors at the same location until discontinued at the request of the subscriber. A farmer line shall not extend across an exchange area boundary (except upon a foreign exchange basis^{/2/}), cross into unfiled territory, nor be extended to another property^{/3/}.
- d. Service will be furnished from the base rate area or the Company's nearest existing distribution facility at the option of the Farmer Line customer at appropriate rates shown in 4. following. Farmer Line service is offered subject to the availability of facilities and the requirements of the Utility's exchange telephone service.
 - (1) The Company will provide, own and maintain all lines and facilities used to furnish farmer line service to the boundary of the base rate area or a suitable point of connection at existing facilities.

2. Regulations (Cont'd)

d. (Cont'd)

- (2) Farmer line customers will normally provide, own and maintain all lines and facilities beyond the boundary of the base rate area or beyond the point of connection of existing facilities as designated by the Company.
 - (3) The Standard Network Interface (SNI) will be located at a suitable point on the customer's property as determined by the Company, except as follows: Remote SNIs (SNIs not located at the customer's property) will only be installed at another property if the farmer line customer has obtained permission (in writing) from the owner of such property. If the Company's service facilities or the customer's farmer line are installed on property other than the customer's property and the owner of such property revokes their permission to use it, the Company shall have the right to discontinue service upon 10 days written notice, without obligation or liability to the customer. If service is discontinued under these conditions, the customer may have service reestablished under the provisions of Guidebook, Part 4, Section 5.
 - (4) Farmer line service will be furnished provided the line and other facilities owned by the customers are suitable for telephone use and are in an operating condition. The Company reserves the right to discontinue telephone service to a customer or customers served by a farmer line by disconnection of such farmer line if a fault in any part of the line or other facilities provided by the customer or customers causes interference with service furnished to other customers, and may refuse to reconnect the line until the fault is corrected and the line and other customer-owned facilities are placed in an operating condition.
- e. Exchange service telephone calls requiring the assistance of a telephone company operator, see Guidebook, Part 4, Section 2.
 - f. Farmer line service will not be provided within a remote island area.
 - g. Inside Wire Repair Plans are not available to Farmer Line services.

/2/ (C)

A. FARMER LINE SERVICE – BUSINESS^{/1/} (Cont'd)

2. Regulations (Cont'd)

i. Multiparty Line Services

Farmer line service will be furnished to two or more customers on a single service arrangement. Service will be furnished only to a designated secretary or manager who will be considered to be the customer and who will be responsible for the payment of charges and other obligations in connection with the use of the service. It shall be the duty of the members of each farmer line to appoint or designate a secretary or manager for such line and no new member shall thereafter be connected to said line nor will the Company assign a number to a new member on such line except on written authority from such secretary or manager. Telephone service will be furnished to a farmer line only when service at the following rates is subscribed for in connection with each telephone connected to the line. Should a telephone for which service has not been subscribed be connected to a line, it shall be the duty of the secretary or manager to disconnect such telephone and refuse to permit its reconnection until proper arrangements have been made for service with both the manager of the line and the Company. The Company shall render bills for exchange and toll service to the individual members of the farmer line unless requested to do otherwise by the secretary or manager. If a customer fails to pay a bill within the period set forth in regulations, the Company may ask the secretary or manager to assist in collecting the unpaid bill. If, after reasonable effort the secretary or manager is unable to effect collection, the Company will assume full responsibility for the unpaid charges. In case the Company does not secure payment of all charges against each member on any line within the period set forth in regulations, the Company may deny exchange and toll telephone service to the line as a whole until the bill for such charges shall have been paid or until the Company shall have received notification from the secretary or manager that the telephone of the member or members from whom payment has not been received has been disconnected from the line.

/3/ (C)

A. FARMER LINE SERVICE – BUSINESS^{/1/ /2/} (Cont'd)**2. Regulations (Cont'd)****j. Foreign Exchange Farmer Line Service**

Service will be furnished from an exchange listed in this schedule to a contiguous exchange under the following rates and further regulations applicable specifically to a foreign exchange farmer line service:

- (1) For multiparty services, the rate per station will be one and one-half times the appropriate farmer line rate applying in the exchange from which the service is furnished.
- (2) For individual line services, the rates applicable are as set forth in Guidebook, Part 4, Section 3, preceding.
- (3) Service will be furnished subject to the same regulations as to the use of the service by other than the customer and their representatives which are applicable in connection with other classifications of customer's telephone service. Foreign exchange service will not be provided for public use.
- (4) The toll rates applicable in connection with toll service over foreign exchange farmer lines will be in accordance with the toll provisions of the foreign exchange.
- (5) A farmer line may not be connected to more than one exchange, cross into unfiled territory, nor be extended to another property¹. In the event that the farmer line is so connected and upon failure, after notice to the customers of record on that line, to comply with the above provision, the Utility shall then have the right to disconnect that line from any or all of the exchanges to which it is connected.

B. FARMER LINE SERVICE – RESIDENCE^{/1/}**1. Description**

Exchange service furnished in suburban area of an exchange by use of lines provided, owned and maintained in part by customers to the service. This service applies to individual and multiparty line services.

2. Regulations

- a. Rates for service other than extended service comprehend local service without additional charge to all stations receiving service from the exchange from which the service is furnished.
- b. Rates for extended service in other than Zone Usage Measurement Service areas comprehend service without additional charge as set forth in Guidebook, Part 4, Section 2 Local Calling Areas, which defines the local service areas.

Rates for extended service in Zone Usage Measurement Service areas comprehend service as set forth in Guidebook, Part 4, Section 1. Zone 1 and 2, which indicates the local service areas.

- c. Service is furnished outside the base rate area and within the exchange area. A farmer line station shall not be located within the base rate area. If subsequent to a base rate area expansion, an existing farmer line service located within the expanded area may be retained by the subscriber or successors at the same location until discontinued at the request of the subscriber. A farmer line shall not extend across an exchange area boundary (except upon a foreign exchange basis^{/2/}), cross into unfiled territory, nor be extended to another property^{/3/}.

B. FARMER LINE SERVICE – RESIDENCE^{1/} (Cont'd)**2. Regulations (Cont'd)**

- d. Service will be furnished from the base rate area or the Company's nearest existing distribution facility at the option of the Farmer Line customer at appropriate rates shown in 4. following. Farmer Line service is offered subject to the availability of facilities and the requirements of the Company's exchange telephone service.
 - (1) The Company will provide, own and maintain all lines and facilities used to furnish farmer line service to the boundary of the base rate area or a suitable point of connection at existing facilities.
 - (2) Farmer line customers will normally provide, own and maintain all lines and facilities beyond the boundary of the base rate area or beyond the point of connection of existing facilities as designated by the Company.
 - (3) The Standard Network Interface (SNI) will be located at a suitable point on the customer's property as determined by the Company, except as follows: Remote SNIs (SNIs not located at the customer's property) will only be installed at another property if the farmer line customer has obtained permission (in writing) from the owner of such property. If the Company's service facilities or the customer's farmer line are installed on property other than the customer's property and the owner of such property revokes their permission to use it, the Company shall have the right to discontinue service upon 10 days written notice, without obligation or liability to the customer. If service is discontinued under these conditions, the customer may have service reestablished under the provisions of Guidebook, Part 4, Section 5.
 - (4) Farmer line service will be furnished provided the line and other facilities owned by the customers are suitable for telephone use and are in an operating condition. The Company reserves the right to discontinue telephone service to a customer or customers served by a farmer line by disconnection of such farmer line if a fault in any part of the line or other facilities provided by the customer or customers causes interference with service furnished to other customers, and may refuse to reconnect the line until the fault is corrected and the line and other customer-owned facilities are placed in an operating condition.

(C)

(D)

i. Service will be furnished to Multiparty Farmer Lines:

(1) To less than three customers provided the total minimum exchange revenue of each circuit is not less than that of three residence stations.

(2) To two or more customers or lines on a single service arrangement.

j. Multiparty Line Services

Farmer line will be furnished only to a designated secretary or manager who will be considered to be the customer and who will be responsible for the payment of charges and other obligations in connection with the use of the service. It shall be the duty of the members of each farmer line to appoint or designate a secretary or manager for such line and no new member shall thereafter be connected to said line nor will the Company assign a number to a new member on such line except on written authority from such secretary or manager. Telephone service will be furnished to a farmer line only when service at the following rates is subscribed for in connection with each telephone connected to the line. Should a telephone for which service has not been subscribed be connected to a line, it shall be the duty of the secretary or manager to disconnect such telephone and refuse to permit its reconnection until proper arrangements have been made for service with both the manager of the line and the Company. The Company shall render bills for exchange and toll service to the individual members of the farmer line unless requested to do otherwise by the secretary or manager.

j. Multiparty Line Services (Cont'd)

If a customer fails to pay a bill within the period set forth in regulations, the Company may ask the secretary or manager to assist in collecting the unpaid bill. If, after reasonable effort the secretary or manager is unable to effect collection, the Company will assume full responsibility for the unpaid charges. In case the Company does not secure payment of all charges against each member on any line within the period set forth in regulations, the Company may deny exchange and toll telephone service to the line as a whole until the bill for such charges shall have been paid or until the Company shall have received notification from the secretary or manager that the telephone of the member or members from whom payment has not been received has been disconnected from the line.

k. Foreign Exchange Farmer Line Service

Service will be furnished from an exchange listed in this schedule to a contiguous exchange under the following rates and further regulations applicable specifically to a foreign exchange farmer line service:

- (1) For multiparty services, the rate per station will be one and one-half times the appropriate farmer line rate applying in the exchange from which the service is furnished.
- (2) For individual line services, the rates applicable are as set forth in Guidebook, Part 4, Section 3.
- (3) Service will be furnished subject to the same regulations as to the use of the service by other than the customer and their representatives which are applicable in connection with other classifications of customer's telephone service. Foreign exchange service will not be provided for public use.
- (4) The toll rates applicable in connection with toll service over foreign exchange farmer lines will be in accordance with the toll provisions of the foreign exchange in this Guidebook.

6. PRIVATE BRANCH EXCHANGE TRUNK LINE SERVICE

/1/

6.1 SuperTrunk®

/1/ (C)

SuperTrunk service will no longer be available to new customers (no current contract or service) on or after June 30, 2016. However, the Service will remain available for 9-1-1 Public Safety Answering Point (PSAP) customers that require channelization of their 9-1-1 trunking. It will be available to existing 9-1-1 PSAP users of the Service as well as new 9-1-1 PSAP customers needing the Service. With the noted 9-1-1- PSAP exception, customers having this service or who have placed orders which were accepted by the Company prior to this date, may continue such service from their present location, subject to the following conditions: new requests for physical changes to SuperTrunk, including the upgrade or downgrade of access/port speed, installation of new service, or moves to different service addresses will not be provisioned.

A. Description

/1/

SuperTrunk Service allows users to connect suitably equipped customer premises equipment to the Utility's central office switch over 1.544Mb digital High Capacity Service (HCS).

For Regulation, Rates and Charges for HCS service refer to applicable Schedule Cal.P.U.C. No. 175-T.

Effective August 31, 2011, 24-, 36- and 60-month term pricing plans are no longer available for new installations or renewals of SuperTrunk service. Customers currently on a 24-, 36- and 60-month term pricing plan may continue service at their existing rates until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then current applicable month to month rates.

B. Services

SuperTrunk service is comprised of one or more SuperTrunk terminations, each connected to one HCS circuit (requires two channel termination USOCs). The digital transport facility may be DS1 or DS3 level. Each SuperTrunk Termination provides 24 exchange channels. SuperTrunk service is therefore modified in increments of 24 exchange channels only.

1. SuperTrunk Serving Arrangement

SuperTrunk Service may be combined with Centrex, Primary Rate ISDN (PRI) and/or other SuperTrunk service of the same customer with a service appearance in the same switching entity to create a SuperTrunk Serving Arrangement.

2. SuperTrunk Trunk Groups

Individual channels must be aggregated into trunk group(s). Trunk group(s) are In-Only, Out-Only, Two-Way and Switch 56. Sizing of the trunk group(s) is customer selectable within the constraints of available channels.

C. Standard Features

Standard features, with exception of the trunk group charge, are included in the SuperTrunk termination recurring and installation charges. Associated services are separately charged. A minimum installation requires one SuperTrunk termination, one Hi Cap and one trunk group. All Standard and Associated services, subject to technical limitations, are available from the users' local (serving) Central Office or alternate CO(s) as requested SuperTrunk's standard features include the following:

24 Digital Channels: Each SuperTrunk provides 24 digital channels between the Company's switch and the user's suitably equipped premises equipment.

Answer Supervision on Outbound Calls: The Company's switch will electronically signal the originating premises equipment when an outbound call is answered and when the called party disconnects. Answer Supervision on inbound calls shall be provided by the customer.

Automatic Channel Selection: Automatic Channel Selection selects an idle channel for inbound call completion from a preset pattern within a trunk group.

Call Transfer (available only on 5ESS Switch): Incoming calls may be transferred to another telephone number. After the transfer is complete, the trunk becomes available to make, receive or transfer other calls. Applicable usage charges apply from the transferring trunk to the called party and to transferred calls.

Trunk Groups: A minimum of one trunk group is required for use with SuperTrunk service, more may be selected. Trunks group charges are in addition to SuperTrunk termination charges. Trunk groups are identified as:

- In-only - Capable of incoming voice grade communication
- Out-only - Capable of outgoing voice grade communication
- Two-way - Capable of two way voice grade communication
- Switch 56 - Capable of data grade communication

(C)

C. Standard Features (cont'd)

Carrier Pre-Subscription: 1010XXX is available for intraLATA calls, users may specify a carrier for all other calls.

Trunk Group Calling Restrictions: Dialing restrictions for outbound calls are selectable. Standard options include, Local and ZUM 3 only, Local through inter/intraLATA Toll, Local through International. 900^{/1} blocking is also available. Trunk Group Calling Restriction is assignable to individual trunk groups.

D. Optional Features**1. Alternate Route**

Allows customers to specify an alternate route where incoming SuperTrunk calls may be directed when all channels are busy, or when there is a loss of continuity with the premise equipment.

Subject to technical capabilities and operating conditions, this feature may be assigned to a SuperTrunk serving arrangement or SuperTrunk trunk group. The alternate route may be another SuperTrunk arrangement, Primary Rate ISDN or DID trunk group residing in the same central office switch. Only one Alternate Route may be selected per SuperTrunk arrangement.

2. Custom Virtual Network

Allows Custom Virtual Network (CVN) as an optional service in connection with SuperTrunk to provide a custom dialing plan to link multiple or statewide locations. Refer to Guidebook, Part 6, Section 5 for Service Description and Regulations. See Guidebook, Part 6, Section 7 for CVN and SuperTrunk rates.

6. PRIVATE BRANCH EXCHANGE TRUNK LINE SERVICE (cont'd)/1/
(C)**6.1 SuperTrunk® (cont'd)****D. Optional Features (cont'd)****3. Enhanced Alternate Routing**

Enhanced Alternate Routing will automatically route incoming calls to a predetermined telephone number in the Public Switched Network when the SuperTrunk or SuperTrunk group is busy or when continuity is lost between the central office and the customer provided equipment. Enhanced Alternate Routing is available where technical capabilities and operating conditions permit.

Incoming calls that have been rerouted will be billed to the SuperTrunk billing responsibility. All charges for local, message unit, zone calling and toll are applicable in accordance with the Guidebook rates.

4. SuperTrunk Fiber Advantage

Provides a dedicated HICAP which utilizes fiber optic cable to connect a customer location to Pacific Bell's central office. In addition to the service guarantee provided with Fiber Advantagesm, Pacific Bell will guarantee the SuperTrunk. The customer shall be credited 100% of the monthly rate for the SuperTrunk for any service interruption affecting that rate element. In order to qualify for this credit, the service interruption must be 2 hours or more and the outage must be determined by the Company to be in its network. Only one credit will be applied per month.

/1/

5. Network Connect

/2/(C)

Network Connect provides a connection to a Special Access High Capacity Digital Channel from a SuperTrunk to a distant end location. Each network Port consists of one group which is equivalent to 24 derived 64 Kbps DS-0 bit streams (24 voice equivalent circuits). The rates and charges for Network Connect are in addition to the rates and charges applicable to High Capacity Service as shown in Schedule Cal.P.U.C. No. 175-T, Section 7.5. Network Connect tandem capability is available only where facilities and operating condition permit.

The distant location may be in the same or different central office. The distant end termination may be another SuperTrunk, a Centrex system, or Interexchange Carrier Points of Presence. The quality of transmission may vary depending on the distance and routing necessary to complete each call; consequently, overall or end to end transmission is not guaranteed by the Company.

6. Dialing Plan

Allows customers to dial between entities on either an access code or abbreviated station to station dialing basis where facilities and operating conditions permit. It provides calling connections between various entities, which may include a combination of:

- Centrex
- Primary Rate ISDN
- SuperTrunk Termination

This Dialing Plan feature is required any time two or more entities are connected to create a SuperTrunk serving arrangement as defined in B.1. preceding. Calls between entities will be considered private and will not incur usage charges. The Dialing Plan feature applies to each entity in a SuperTrunk serving arrangement.

E. Associated Services

1. Associated services are network and exchange services that provide a SuperTrunk serving arrangement. These services must be provided from the SuperTrunk serving switch, where local facilities and operating conditions permit, and include:

- Direct-In-Dialing To PBX Systems
(DID Service)
Guidebook, Part 4, Section 2

2. Rates and charges for associated services are found in the Company's Schedules as set forth above and are in addition to the SuperTrunk charges. Special terms and conditions as set forth in F., following, apply to these associated services when assigned to work with SuperTrunk.

F. Regulations

1. SuperTrunk is only available where equipment and operating conditions permit. The features of the SuperTrunk service and features of the associated services may vary by serving central office switch.
2. Alternate Serving Arrangements do not apply.
3. When the customer has existing In-only Trunk Line and Direct-In-Dialing PBX(DID) service and wants to convert these services to a SuperTrunk, the service must be disconnected. SuperTrunk installation charges apply, except for DID service which is described below.

When a customer converts from DID Trunk service, SuperTrunk installation charges apply, however, the blocks of DID station numbers will not be charged a nonrecurring charge when used with SuperTrunk service.

4. SuperTrunk must be separately billed.
5. All channels of a single SuperTrunk are served from a single switch entity.
6. When the customer subscribes to any associated services as set forth in E. preceding, the customer is billed for only one associated service type and/or telephone number. The customer may request any number of channels up to the total number of available channels in the SuperTrunk serving arrangement.
7. When customers order associated Foreign Exchange and/or Foreign Prefix Services from the SuperTrunk serving central office, as set forth in E. preceding, Foreign Exchange/Foreign Prefix mileage charges will not apply since the mileage charges are a component of the digital transport facility (USOC 1L5XX).

F. Regulations (cont'd)

8. Foreign Exchange and/or Foreign Prefix Services are only available from the Company's exchanges.
9. Answer Supervision shall be provided by the customer in accordance with Subpart D of Part 68 of the F.C.C.'s Rules and Regulations. Where a customer fails to provide Answer Supervision, the Company may deny installation of SuperTrunk service. The Company may discontinue service for failure of the customer to provide Answer Supervision upon written notification and such failure has not been remedied within a reasonable time. See Schedule Cal.P.U.C. No. A2.1.11.
10. The Company will waive the applicable non-recurring charges for one or more new SuperTrunk(s) and associated first trunk group, for eligible business customers converting service from another provider to the Company as their local telecommunications service provider, providing:

(C)

The customer maintains the service for which non-recurring charges are waived for a period of two years;

If the customer disconnects any required service prior to completion of the agreement term, the Company bills the customer for and customer agrees to pay all previous waived charges received. In addition, customer also agrees to pay any other charges, payments, or disconnection/termination fees required by the Guidebook.

Early termination fees will not be charged on adds, moves and changes. Adds, moves and changes will be completed within the established due date intervals and charged at the prevailing Guidebook rates after conversion to the Company.

(C)**6.1 SuperTrunk® (cont'd)****G. Limitations**

1. SuperTrunk is only available where equipment and operating conditions permit. Variations in the switching and control equipment used may cause differences in the operation or availability of certain features and associated services. Customers are responsible for providing compatible digital equipment and determining the compatibility of each basic and associated service used in conjunction with their application and equipment. SuperTrunk is not available on 1AESS switches.
2. The optional feature, Dialing Plan, is not available with Assume Dial 9.
3. Call Transfer is not available on the DMS100.
4. The /*/ and /#/ are not valid digits on call set up.
5. Account Codes are not available as "non forced". Packages A-D are not available.
6. Centrex stations in a SuperTrunk Serving Arrangement will not display the calling number from SuperTrunk station users and vice versa.
7. SuperTrunk is a business service. Residence service will not be provided over SuperTrunk.
8. All customer provided equipment used to interface with SuperTrunk is required to conform with the Technical Reference Specifications as used by the Company and found in the Switch Vendor's Technical References and their subsequent revisions:

I. Use of Service

1. The customer must provide sufficient information regarding the intended use of the service sufficient to allow the Company to furnish and maintain the requested service, and to ensure that the use of the service complies with all tariff regulations and/or Guidebook rules.
2. The Company shall not be responsible for the manner in which the use of the service will be allocated. Service requests that involve the establishment, rearrangement, release or discontinuance of service will be accepted by the Company only from the customer.
3. A person, firm, or corporation may be designated by the customer as an authorized user of SuperTrunk service. The authorized user may share such service with the customer in accordance with the provisions set forth in F.2. preceding. An authorized user must be specifically named in the customer's application for service.
4. **Unlawful Use** - The service furnished under this schedule shall not be used for any purpose or in any manner, directly or indirectly, in violation of the law or in aid of any unlawful act or undertaking.

- a. For subscriptions prior to August 31, 2011^{/1/}:
 - i. SuperTrunk interfaces are offered month-to-month or on a 24, 36 or 60 month term pricing plan.
 - ii. The customer shall select a service term for each SuperTrunk termination of either Month-to-Month, 24, 36 or 60 consecutive months.
 - iii. When the customer selects a service term other than Month-to-Month, the customer will be required to sign an agreement. The service term cannot be changed for the duration of the agreement, except as provided in (2)(d) following. The monthly rate for the required SuperTrunk interface will not be subject to rate increases for the duration of the service term. Upon Guidebook changes to lower the rates of the SuperTrunk termination, the Company will apply the new lowered rates prospectively to all unexpired service term agreements.
- b. For new subscriptions and terms expiring on or after August 31, 2011:
SuperTrunk interfaces are offered with month-to-month pricing.

- c. If the customer terminates a service term agreement before the service term expires, an early termination fee will apply. Specifically, an early termination fee will apply:

- If the customer's premises where SuperTrunk is provided is moved outside of the Company's service territory.
 - If the customer requests that SuperTrunk service be disconnected.

However, a termination charge will not apply:

- If SuperTrunk service is moved to another Company location and the service term is continued at the new location, or
 - If the SuperTrunk service term agreement is extended for more than the months remaining on the existing agreement, or
 - If the customer converts to another Company Business Exchange Voice Service that utilizes a Company Access Hicap service as set forth in Schedule Cal.P.U.C. No. 175-T Access Service, Section 7.2.8 as part of the service offering. As a part of this conversion to qualify for the waiver of termination charges; the customer must:
 - agree to a 36 month or greater term agreement with an expiration service date which is beyond the end of the existing service term,
 - the new service term shall begin immediately upon conversion from the existing service term, and
 - the new service must be provided between the same customer locations and with the same customer of record as the disconnected service.
 - Nonrecurring charges will apply and the monthly rates for the new service(s) shall be those rates in effect at the time of installation.

2. SuperTrunk Interface Monthly Rate Options (Cont'd)

- d. If the customer terminates the SuperTrunk service agreement prior to the expiration of the 24, 36 or 60 month service term, the customer shall pay an early termination fee for the SuperTrunk interface unless conditions as set forth in c., preceding, are met. Payment of the termination charge does not release the customer from previous amounts owed to the Company.

For SuperTrunk service term agreements which become effective on or after December 10, 2004, the termination charge will be:

- in addition to any unpaid special construction or non-recurring charges (excluding waived charges), customer termination liability for cancellation of any SuperTrunk service agreement shall be equal to fifty percent (50%) of all recurring charges for the same remaining months of the customer's service term.

For SuperTrunk service term agreements in effect prior to December 10, 2004, the termination charge will be the lesser of:

The difference between the total recurring payments actually paid over the completed months of the original service term at the time of termination and the total recurring payments that would have been paid on a month-to-month plan over the same time period, plus any waived non-recurring charges, plus 10% annual interest^{/1/}, or,

The total monthly payments remaining on the service term, discounted by 10%.

- e. If additional SuperTrunk terminations are ordered at a location where the customer has an existing SuperTrunk termination term agreement, the additional termination(s) may be added to that agreement up to six (6) months prior to the end of the original agreement, so that the monthly rate and expiration date specified in the original agreement apply. As an alternative, the customer may choose the month-to-month payment option or a different term option^{/2/} for the termination additions. The additions to the agreement are subject to the provisions described in c. preceding.

/3/

- /1/ The annual interest rate shall be calculated as the maximum rate permissible by law, not to exceed the Company's approved Cost of Capital.
- /2/ Effective August 31, 2011, 24-, 36-, and 60-month terms plans are no longer available.
See A. Description, preceding.

f. Upon expiration of the 24, 36 or 60 month service term^{/1/}, the customer may:

- Continue service without establishing a new service term. Service will automatically be provided on a month-to-month basis at the then current rate upon expiration of the original term. This monthly rate will be subject to any rate changes approved by the Commission.
- Continue service by selecting a service term of 24, 36 or 60 months at the current rate then in effect.^{/1/}
- Discontinue the service.

g. If a service term agreement expires and the customer has not notified the Company regarding which option they elect, service will continue at the monthly rate in effect at the time for the month-to-month option.
