

1. 1-2-3 PUNCH^{1/}

/2/

A. DESCRIPTION

1-2-3 PUNCH offers the waiver of all non-recurring charges applicable to the service order and installation of new Business access lines of customers that currently do not have service with the Company. Also, existing qualifying Company customers are eligible for a one-time credit.

Any business customer that does not currently have service with the Company must order 1, 2, or 3 business access lines and retains the main billing telephone number for a minimum of one-year will receive a waiver of the Nonrecurring charges (NRC) for each of those lines. This offer will apply only on the access lines that the customer installs on their initial order when establishing service with the Company.

Existing customers of the Company with 1, 2, or 3 Business access lines who subscribe to this offer and agree to retain their main billing telephone number for a minimum one-year term will receive a one-time credit of \$15.00 for each access line subscribing to this offer. Existing customers are not eligible for the nonrecurring charge waiver if they choose to add additional access lines.

Customers with multiple locations are eligible for this offer at each qualifying customer premises location.

B. LIMITATIONS

This offer cannot be combined with any other offer that includes any type of waiver, discount, or credit associated with nonrecurring charges or recurring rates for business access lines, trunks, Custom Calling Services, other features, or Hunting. Foreign Exchange Service is not eligible for this NRC waiver. Customers must complete any applicable term commitment or pay early termination fees associated with any existing Business access lines subscribing to this offer.

1. 1-2-3 PUNCH^{/1} (cont'd)

/2/

C. EARLY TERMINATION

Early Termination Charges will be assessed unless the customer retains at least one access line installed under this offer for the entire 12 month term.

Early Termination Charges for new customers will equal \$5.50 multiplied by the number of months remaining under the 12 month term. The amount of the charges waived under the NRC Waiver and will be assessed unless the customer keeps at least one of the lines installed under the NRC Waiver for a 12 month period.

Example: the customer disconnects after 5 months, leaving 7 months remaining on the unexpired term. 7 months x \$5.50 = \$38.50.

For existing Company customers that received a one-time credit, Early Termination Charges will equal \$1.25 multiplied by the number of months remaining under the 12 month term per access line.

Example: the customer disconnects after 5 months, leaving 7 months remaining on the unexpired term. 7 months x \$1.25 = \$8.75.

Early Termination Fees will not apply if, during the 12-month term, the customer converts the access lines to another access line package with a term equal to or greater than the remaining term herein.
