A113. OBSOLETE SERVICE OFFERINGS - MISCELLANEOUS SERVICE ARRANGEMENTS

A113.18 Reserved For Future Use

A113.19 TouchStar Service

(Obsoleted June 5, 1995, Type 4) Existing Caller ID - Multi-Line¹ customers may retain their existing service as specified in this section if they so choose. However, if these customers want to change or add to their existing service, they will have to convert to Caller ID - Basic or Caller ID - Deluxe² as specified in A13.19. Service Charges from Section A4. shall not apply for such conversions. All new customers desiring a TouchStar service calling information delivery feature will have to use A13.19 of this Guidebook.

(C)

A113.19.1 Definitions of Feature Offerings

See A13.19.2 for descriptions of services not described following.

A. Caller ID - Multi-Line

This feature allows residence and business customers with Rotary (Grouping) arrangements to receive and view on a display unit call related information on certain incoming telephone calls.

The following information is transmitted to the Caller ID - Multi-Line customer and displayed on the called CPE during the first long silent interval of the ringing cycle: calling Directory Number, time of day (hours and minutes) the call was received, and date (month and day) the call was received.

A service order is required to establish or discontinue Caller ID - Multi-Line. Subsequent to establishment, the feature can be activated and deactivated at the customer's discretion through the use of preassigned feature access codes.

Any customer subscribing to Caller ID - Multi-Line will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the features described herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network feature described herein.

If the incoming call is from a line equipped with RingMaster service, the telephone number transmitted will always be the main number rather than any dependent RingMaster service number.

If the incoming call is from a caller served by a Private Branch Exchange (PBX), only the main number will be transmitted and available for display.

If the incoming call originates from a Multi-Line Hunt Group, the telephone number transmitted and available for display will always be the main number of the hunt group unless the telephone number is Telephone Number (TN) identified.

Caller ID - Multi-Line is not available on operator handled calls.

Note 1: Effective July 1, 2017, Caller ID - Multi-Line is no longer available for residence subscribers.

(N)

Note 2: Effective August 1, 2016, Caller ID - Deluxe (without ACB) is no longer available for residence subscribers.

A113. OBSOLETE SERVICE OFFERINGS - MISCELLANEOUS SERVICE ARRANGEMENTS

A113.19 TouchStar Service (Cont'd)

A113.19.2 Terms, Conditions and Limitations of Service

See A13.19.2 for terms, conditions and limitations of services not provided following.

A. The following limitations apply:

1. TouchStar service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within TouchStar service equipped offices. Also, feature screening lists can only contain telephone numbers of subscribers served out of TouchStar service capable offices.
2. TouchStar service features are available to single line and multi-line residence and business customers who have rotary or Touch-Tone service. Caller ID - Basic and Caller ID - Deluxe¹ are available to single and multi-line residence and business customers. Effective June 5, 1995, Caller ID - Multi-Line² which was available only for line side terminations equipped with hunting (grouping) arrangements will no longer be available to new customers. Call Tracking (BCLID) is not available for single line arrangements, but it is available for PBX and multi-line business customers. Caller ID - Multi-Line, as well as Caller ID - Basic, Caller ID - Deluxe³, and Call Tracking can not be provisioned for Basic 911 customers. (C)
3. TouchStar service basic features, including Calling Number Delivery Blocking, cannot be provisioned Toll Terminals and Trunks. (C)
4. Appropriate service order charges apply except during Company designated periods of special promotion.
5. The Company will deliver all numbers, subject to blocking and technical limitations, including telephone numbers associated with Non-Published Listing Service as described in Section A6.
6. Telephone numbers transmitted via Caller ID - Multi-Line are intended solely for the use of the subscriber. Resale of this information is prohibited.
7. Calling Number Delivery Blocking - Permanent is available upon request, at no charge, to the following entities (including lines located at the residences of their employees or volunteers over which the business of the agency is conducted): (a) established shelters of private, non-profit and publicly funded domestic violence intervention agencies; and (b) federal, state, and local law enforcement agency offices.
8. Calling Number Delivery Blocking - Per Call is provided subject to availability of facilities where technically feasible. The Company assumes no liability for and will be held harmless from any incompatibility of the customer's CPE to perform satisfactorily with the network feature described herein.
9. Calling party information is not available on operator handled calls via Caller ID - Multi-Line.
10. The Company's liability arising out of the provision of any TouchStar service feature, including but not limited to the delivery or non-delivery of calling numbers/names, is limited as set forth in A2.5.1.
11. TouchStar service features are not available on trunks except as specifically noted in A13.19.3.A.3 and A113.19.2.

A113.20 Reserved for Future Use**A113.21 Reserved for Future Use****A113.22 WatchAlert Service**

(Obsoleted, Effective July 15, 2014) WatchAlert Service is restricted to existing customers. No new customers will be accepted after the July 15, 2014.

A113.22.1 General

- A.** WatchAlert Service is offered to alarm and/or monitoring companies (hereinafter referred to as agencies) for residential and business line customers (hereinafter referred to as clients) or to other entities that perform alarm and/or security monitoring. WatchAlert provides for the continuous transmission of signals which can identify a change in the status of alarm monitoring sensors located on a client's premises. WatchAlert Service utilizes a scanner located in the client's serving central office and connected to that client's single party exchange access line. The scanner is used to repetitively poll a customer provided Subscriber Terminal Unit (STU), connected to alarm or monitoring sensors. A change in status in an alarm/sensor is recorded in the STU, which is then polled by the scanner, with the change in status being transmitted through the scanner to two (2) centrally located message switches. These message switches will then transmit the change in status of the STU involved to the appropriate alarm agency via two private line Type 2141 channels.
- B.** All terms and conditions governing agency/client relationships, as stated in paragraph A13.22.2 are also applicable to those entities performing their own private alarm/security monitoring.

Note 1: Effective June 5, 1995, all existing Caller ID - Multi-Line customers may retain this service as specified in this section of the Guidebook or change to the service provided under Caller ID - Basic or Caller ID - Deluxe² as specified in A13.19. If existing Caller ID - Multi-Line customers change or add to their existing service, then they will have to convert to Caller ID - Basic or Caller ID - Deluxe². Service Charges from Section A4 shall not apply for such conversions. All new single and multi-line residence and business customers desiring a TouchStar service calling information delivery feature will have to use Caller ID - Basic or Caller ID - Deluxe². Call Tracking (BCLID) is available for PBX customers as well as business multi-line customers.

Note 2: Effective August 1, 2016, Caller ID - Deluxe (without ACB) is no longer available for residence subscribers.

Note 3: Effective July 1, 2017, Caller ID - Multi-Line is no longer available for residence subscribers.
