A3. BASIC LOCAL EXCHANGE SERVICE

A3.1 General

- A. Rates for Basic Local Exchange Service are related to the total number of main station lines (including Centrex Type Services main station lines, except as provided following,) and PBX trunks (including trunks providing Service to U.S. Government-owned systems serving certified military bases) in the Limited Local Calling Area.
- B. Local Exchange Service, Exchange Service Areas, and Local Calling Areas for each exchange are set out in this Guidebook.
- C. The rates for service and equipment not specifically shown in this section are presented in other sections of this Guidebook.
- D. Individual (Ind.) and two-party (2-Pty.) line Residence and Business Main Station Line Service are comprised of serving central office line equipment and outside plant facilities needed to connect the serving central office with the customer premises at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for Message Toll Service and for local calling.
- E. Measured Rate¹ Main Station Line or Trunk Service is available only to those customers subscribing to the service on January 19, 1984, or who had ordered the service by that date for later installation. The service will remain available to those subscribers only in those central offices which were furnishing the service on January 19, 1984.
- F. Pursuant to KPSC Administrative Case No. 333, a monthly surcharge shall be imposed on all local exchange access lines, MultiServ service lines and MultiServ PLUS service lines or in the case of ESSX service and Centrex service, per Network Access Register (NAR). For purposes of application of this surcharge, access lines are defined as facilities which provide access to and from the telecommunications network for toll service and for local calling with the exception of Public Coin, WATS, Remote Call Forwarding, Radio Common Carriers, InterLATA Foreign Exchange Lines, Private Line Services, Mobile, Other Common Carriers, and Company Official Accounts. The Commission has determined in KPSC Administrative Case No. 2017-00358, Order dated September 14, 2017, that the amount of the surcharge will be \$.01 per access line effective January 1, 2018; however, this amount is subject to change by the Commission to meet the needs of providing Telecommunications Relay Service for the hearing and/or speech impaired persons in Kentucky. Pursuant to KPSC Administrative Case No. 372, Order dated May 31, 2006, the Telecommunications Devices for the Deaf (TDD) distribution program shall be renamed Telecommunications Access Program (TAP) and shall be funded by a monthly surcharge of \$.02 per access line beginning with bills rendered after July 1, 2006. As of December 1, 1999, the surcharge was combined with the Telecommunications Relay Service surcharge. The combined surcharge (\$.03 per access line from January 1, 2018) shall appear as a separate line item on the customer's bill and shall read "TRS/TAP Surcharge."
- G. Effective July 10, 1993 two-party (2-Pty) line service is being obsoleted. This service will not be offered for new installations or transfers of service to a new location. Effective January 24, 1994, the Company will begin a program to upgrade two-party customers to individual line service. Customers will be notified prior to their service being changed. When upgraded, residential customers will be allowed to continue paying two-party zone charges (see Section A103.) until one of the following occurs: transfer of service to new location; additional line(s) added; or requested relocation of Company facilities.
- H. Residence Access Line Retention Offer
Effective January 1, 2021, this offer is no longer available to new subscribers. Existing subscribers may retain the 12-month credit through the end of their promotion period. (N)
Existing residential customers who call to disconnect service with AT&T and elect to stay and have one (or up to a maximum of two) flat rate access line(s) may be eligible to receive a \$6 per month bill credit for 12 months. The following conditions apply:
 1. Customers must keep the required services for 30 days to receive the benefit of this offer.
 2. Customers subscribing to Complete Choice Enhanced or Complete Choice Basic must have the access line in service for a minimum of 60 days before the customer becomes eligible for this offer.
 3. If the customer disconnects the flat rate line(s) or moves from their current location, the remaining benefits will cease.
 4. AT&T employees are not eligible for this offer.
 5. Customer must be calling into AT&T to disconnect their local service.
 6. This offer is available on a maximum of two (2) flat rate lines (a maximum monthly reward of \$12).
 7. Not stackable with any other regulated retention offer that provides a monthly discount.
 8. Eligible customers are existing AT&T residential customers who have a primary access line, or a primary access line with an additional access line(s) and are calling to disconnect one or more access lines.
 9. This offer is only available for retention purposes.

Note 1: Business only.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.1 General (Cont'd)

Pursuant to KPSC Administrative Case No. 2016-0059, a monthly Intrastate Universal Service Surcharge shall be imposed on all local exchange access lines, MultiServ service lines and MultiServ PLUS service lines or in the case of ESSX service and Centrex service, per Network Access Register (NAR). For purposes of application of this surcharge, access lines are defined as facilities which provide access to and from the telecommunications network for toll service and for local calling with the exception of WATS, Remote Call Forwarding, Radio Common Carriers, InterLATA Foreign Exchange Lines, Private Line Services, Mobile, Interexchange Carriers, and Company Official Accounts. The Commission has determined in KPSC Administrative Case No. 2016-0059, Order dated February 15, 2019, that the amount of the surcharge will be \$.07 per access line; however, this amount is subject to change by the Commission to meet the needs of the Universal Service Fund in Kentucky. The rates specified entitle subscribers to complete local calls on a usage charge basis to stations in the Limited Local Calling Area, i.e., all stations bearing the designation of central offices of the serving exchange and Limited Local Calling Area exchanges as shown in A3.6, Local Calling Areas. Charges for local usage are specified in A3.2, and are based on mechanized records kept of all calls originated on the line.

- A. The following schedule of monthly rates is applicable to Business measured rate main station line service:

- B. The rates stated preceding include the following monthly local usage allowances for dialed sent paid local calls:

1. Usage allowance

	Usage Allowance	USOC
(a) (DELETED)		
(b) (DELETED)		
(c) Business Measured Service	\$7.50	NA

When a customer subscribes to more than one measured rate line on the same premises and the lines are group billed on the same service account, the local usage charges on all such lines are combined. If usage allowances are applicable, they are also combined to determine the amount of charges for usage in excess of such allowances. Usage charges and/or usage allowances shall not be combined for measured rate lines structured on separate service accounts, even though one account might be "billed to" another account for the purpose of rendering one bill to the subscriber.

In locations where Measured Rate Individual Line Service is available, it will replace the current Individual Line Message Rate Service. Existing Individual Line Message Rate subscribers will have the choice of converting to either Flat or Measured Rate Service.

- C. The following mileage bands and rates apply for all usage within the Limited Local Calling Area. This schedule is not applicable for any service established after Area Calling Service¹ is offered in an exchange. Usage charges will be billed in arrears. Partial minutes count as full minutes for each individual call completed.

Mileage Bands	Initial Minute	Additional Minute
A (0 miles)	\$.04	\$.02
B (1-10 miles Limited LCA)	.04	.02

- D. Lower rates for the Evening and Night and Weekend rate periods are expressed as a percent reduction of the usage rates stated herein. The rate is applied to the total summarized usage charge for those portions of all messages occurring within the reduced rate period. When application of the reduced rate results in a fractional charge, the amount will be rounded to the nearer whole cent.

No reduced rate applies for that portion of messages in the Day rate period.

When messages span more than one rate period, total charges for the minutes in each rate period are summarized, any reduced rate applied and the results for each rate period are totaled to obtain the total message charge.

1. Rate periods and rate discounts are described in the table following.

- B. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service for qualifying residential subscribers. Basic terms and conditions are in compliance with FCC rules and regulations including the FCC Report and Order and Further Notice of Proposed Rulemaking in WC Docket No. 11-42, adopted January 31, 2012, and the Lifeline and Link Up Reform and Modernization Third Report And Order, Further Report And Order, and Order on Reconsideration, WC Docket No. 11-42 (rel. April 27, 2016) ("Lifeline Reform and Modernization Order"), including implementation of a National Lifeline Eligibility Verifier (National Verifier). Specific terms and conditions are set forth in this Guidebook.
- C. Lifeline is supported by the federal universal service support mechanism.

An additional \$3.50 credit is provided by the Company. The total monthly Lifeline credit available to an eligible customer in Kentucky is **\$8.75**. The amount of credit will not exceed the charge for local service. (C)

A3.31.2 Terms and Conditions

- A. General
 - 1. One low income credit is available per household and is applicable to the primary residential connection only.  - 2. A Lifeline customer may subscribe to any local service offering available to other residence customers.
 - 3. Toll blocking, if elected, will be provided at no charge to the Lifeline subscriber.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.47 AT&T Business Local Calling (BLC) (Cont'd)

A3.47.2 Terms and Conditions (Cont'd)

- M.** Customer may purchase Business Local Calling 1-19 line package for a 12-month term via a written or oral agreement. The agreement will automatically renew in successive 12-month terms unless, prior to expiration of the then-existing term, either party (Customer or Company) provides the other 30-days written notice that it does not wish to renew the agreement.¹ Absent such notification, a new 12-month agreement subject to the same rates, terms and conditions will commence on the expiration date of the then-current term. (C)
- When Business Local Calling 1-19 line package is purchased as part of a Bundle Offer (i.e. an offer for the purchase of multiple AT&T services at a discount), the customer agrees to maintain the Bundle Offer for the applicable term. The price of the Business Local Calling service portion of the Bundle is valid until one of the following events occurs, at which time the price will increase: (1) the term of the Bundle Offer expires; (2) customer changes the Business Local Calling service address; or (3) customer drops one of the AT&T services in the Bundle Offer. If the customer is no longer eligible for the Bundle Offer price for the reasons described above, but has time remaining on the Bundle Offer term, the price for the Business Local Calling service will increase to the then-existing 12-month term price.
- N.** Applicable local, state, and federal charges; taxes; 911 fees; and the End User Common Line charge are in addition to the line option prices listed in A3.47.6.
- O.** If a customer does not commit to a new term plan or an alternate plan by the last date of the existing term plan, the customer's existing AT&T Business Local Calling plan, discounts and rates will terminate and the customer's services will be billed at the Month-to-Month rates as shown in A3.47.6. AT&T Business Local Calling will also be available on a Month-to-Month basis without having previously subscribed to a term plan. Month-to-Month prices will be subject to Company-initiated price adjustments.
- P.** Lines subscribed to an AT&T Business Local Calling account cannot be placed on customer-initiated temporary suspension.
- Q.** AT&T Business Local Calling customers with 1-19 initial line agreements who request a move or transfer of their telephone service either within the same premises or from one premises to another will be charged a one-time \$20 per line Service Order and Line Connection Charge for a maximum of 4 lines per move or transfer. This charge will not apply if the move or transfer is within 90 days of term expiration and the customer agrees to a new AT&T Business Local Calling agreement.
- R.** AT&T Business Local Calling customers may combine subscribed lines from any state where an AT&T ILEC provides local service and where the AT&T Business Local Calling plan is available, into one agreement to meet line commitments.
- S.** Each business customer may establish multiple 1-19 line AT&T Business Local Calling agreements, but will be limited to a maximum of one 20+ line AT&T Business Local Calling agreement at any given time. The total number of lines subscribed under all agreement types combined is limited to 35,000 per customer. This limitation applies for each business customer across all states where an AT&T ILEC provides local service and where AT&T Business Local Calling is also available.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.47 AT&T Business Local Calling (BLC) (Cont'd)

A3.47.4 Termination Liability and Shortfall

- A. Except as provided for elsewhere in this Guidebook, customers who terminate their entire AT&T Business Local Calling account prior to completion of the selected term period are subject to termination charges. Termination charges are equal to \$15.00 times the number of months remaining on the term commitment times the number of lines subscribed to on the initial order.
- B. Termination charges are not applicable if, during the term period:
1. the customer converts to another Company access and local usage plan with a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify; or
 2. the customer converts to an upgraded technology with the Company (e.g., network access lines to PBX Trunks, Centrex, ISDN) and commits to a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this clause; or
 3. the customer chooses to terminate their agreement and to negotiate a new AT&T Business Local Calling agreement with a term period greater than the time remaining on the existing AT&T Business Local Calling agreement. The new service agreement will be based on the term plan rates in effect at the time of establishing the new agreement. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify.
 4. An AT&T ILEC Service (referred to as the "Terminated ILEC Service") provided under an AT&T Business Local Calling Agreement is migrated to a qualifying AT&T Business Voice over IP (BVoIP) Service or to a qualifying AT&T Mobility Service (referred to collectively as the "Replacement Service"), then the Early Termination Charge associated with the Terminated ILEC Service will be waived provided:
 - a. the Terminated ILEC Service has been installed at the Customer site for no fewer than 3 months;
 - b. the Term of the Replacement Service agreement is equal to or greater than the remaining term for the Terminated ILEC Service;
 - c. the Replacement Service is installed or available at the same Customer sites as the Terminated ILEC Service;
 - d. the Replacement Service is contracted for in the same relative quantity(ies) as those Terminated ILEC Services being displaced; and
 - e. activation of the Replacement Service at the Customer sites or for Customer use at such Customer Sites occurs within 90 days of termination of the ILEC Service at that site.It is at the Company's sole discretion whether a product change satisfies these requirements.
- C. For customers who initially subscribe to 20+ lines: in any month during the term of an AT&T Business Local Calling agreement if the customer's total number of subscribed lines falls below 80% of the number of lines subscribed to on the agreement, then a shortfall adjustment charge will be applicable and will appear on the customer's bill for each of those months. This shortfall adjustment charge is equal to \$10.00 times the number of lines below the 80% requirement.
