A2.20.1 General

A Bundle Offer is a combination of services offered as a package, whether at a single price or with the availability of the price for one contingent on the purchase of the other(s). A Bundle Offer may be comprised of any telecommunications service(s) offered by the Company in combination with one or more of the following components:

1. A non-telecommunications service offered by the Company,
2. An AT&T affiliate’s telecommunications or non-telecommunications service, and
3. A non-affiliated third party provider’s service.

A2.20.2 Terms and Conditions

- A. A Bundle Offer shall be made available to customers subject to availability of products, services and facilities and subject to a customer meeting the eligibility criteria for a specific Bundle such as classification of service or service area.
- B. A Bundle Offer may be implemented at the Company’s discretion.
- C. The Company’s guidebook stand-alone retail components of a Bundle Offer are available to end user retail customers at the guidebook price and are available for resale at the guidebook price minus the applicable wholesale discount. A Bundle Offer itself shall not be available for resale.

A2.21 Cost Assessment Charge (CAC)

- A. A Cost Assessment Charge (CAC) is assessed on a per line or trunk basis or as shown below for residence and business customers. The CAC is also assessed on a percentage basis against all billed revenue for business customers subscribing to transport services. The CAC is established to recover property taxes (from business customers) as well as ongoing costs associated with the administration of Local Number Portability (from line- and trunk-based services from residence and business customers). This charge is not a tax or fee that the government requires AT&T to collect from customers. The CAC does not apply to 911 Services, Coin Services, Lifeline, or any of the following account types: Federal, State and Local Government accounts; Resale accounts; or accounts designated by the Company as Wholesale.
