

MISCELLANEOUS SERVICE

A. Homebound Student Services

Channels

Type 423 local channels, interoffice and interexchange channels are provided at rates and charges specified in 'Voice Grade Service – Series 300 and 400' in Part 15, Section 2, preceding.

B. Double Drop Service

1. Regulations

An arrangement whereby two drop wires, each from the same terminal, enter a building with a minimum separation of ten feet.

Service is provided for use with Series 100 local channels directly associated with the alarm service.

2. Rates

In addition to the applicable rates and charges for Series 100 channels, the rates and charges for double drop service are the same as those for an additional point of termination of a Series 100 local channel as specified in 'Special Signaling Service – Series 100' in Part 15, Section 2 preceding.
