3.2 Category B	4

RESALE SERVICES

1. General

- 1.1 This tariff details, pursuant to PURA, the Southwestern Bell Telephone Company (SWBT) local exchange telephone services, and certain associated general exchange services, that are available for resale exclusively for SPCOA holders. These services are classified as Category A and Category B as found in Paragraph 3, Services.
- 1.2 The rules and regulations for the Category A or B service apply from that service's corresponding tariff or guidebook, excluding generally applicable resale restrictions. (T)
- 1.3 SPCOA holders may resell flat rate local exchange telephone service only to the same class of customers to which SWBT sells flat rate local exchange telephone service, i.e., residence service may not be resold to business customers.
- 1.4 Resold local exchange telephone services are provisioned only between the demarcation point at the end user's location where the end user's terminal equipment is located and the SWBT end office that serves the end user's location.
- 1.5 SPCOA holders may not use a resold flat rate local exchange telephone service to avoid the rates, terms, and conditions of SWBT's tariffs or guidebooks. (T)
- 1.6 SPCOA holders may not terminate both flat rate local exchange telephone service and usage sensitive local connections (as provided for in Section 3 of this tariff) on the same end user's premises.
- 1.7 SPCOA holders may not use resold flat rate local exchange telephone service to provide access services to other interexchange carriers, cellular carriers, competitive access providers, or other retail telecommunications providers, but may permit their local exchange telephone service customers to use resold local exchange telephone service to access interexchange carriers, cellular carriers, competitive access providers, or other retail telecommunications providers.
- 1.8 SWBT may implement promotional rates for its own end users at any time after notification to the Commission. SWBT agrees to provide SPCOA holders with written notice of its intent to file promotions of its services along with effective promotion dates, locations, and a copy of the illustrative tariff or complete service description, including rates. SWBT's promotional rates that are required to be passed on to the SPCOA holders will go into effect in one of the two following manners:
- 1.8.1 SWBT's promotional rates will go into effect for the SPCOA holder 30 days after notification to the SPCOA holder has been mailed or concurrent with SWBT's promotional rates to its end user customers, whichever is later. The promotional rates for the SPCOA holder will remain in effect for the same total number of days or months that SWBT's promotional rates are effective for its end users.
- 1.8.2 The SPCOA holder has the option of activating the promotional rate for the SPCOA holder effective beginning on the same date that SWBT's promotional rates are effective for SWBT's end users. If the SPCOA holder elects this option subsequent to SWBT implementing the promotional rate for its end users, the promotional rate for the SPCOA holder will commence on SWBT's receipt of written election from the SPCOA holder. Under this election, the promotional rates will end for the SPCOA holder on the same date that SWBT ends the promotional rate to its own end users.

RESALE SERVICES

2. Rate Regulations

- 2.1 Category A services are available for resale at 95% of the monthly and nonrecurring tariff rates. Category B services are available for resale at 100% of the monthly and nonrecurring tariff rates. Category designation of specific services and their associated tariffs are as found in Paragraph 3, Services.
- 2.2 If the tariff rates change for the Category A or B services being resold, the rate change also is applicable to the resold service.
- 2.3 Any promotions, discount offerings or packages offered by SWBT for services within either Category A or B also will be available for resale. Promotions, discount offerings or packages for services listed under Category A will be available for resale by SPCOA holders at 95% of the promotional, discounted or packaged rate. Promotions, discount offerings or packages for services listed under Category B will be available for resale by SPCOA holders at 100% of the promotional, discounted or packaged rate.
- 2.4 A charge applies for the record change when converting the SWBT account to a SPCOA holder or between SPCOA holders. The rate for this records change is the secondary service order charge as found in the AT&T Texas Guidebook, Part 3, Section 1. (T)
- 2.5 For purposes of ordering service under this tariff, all requests for service are handled as an initial request for service. When a holder of a SPCOA orders multiple requests for service under one service order, additional line rating for Service Connection Charges is only applicable to those requests for service at the same end user location.
- 2.6 An End User Common Line (EUCL) charge, as found in Section 4 of Tariff FCC 73, will continue to apply for each local exchange line resold under this section of the tariff. All federal rules and regulations associated with EUCL charges, as found in Tariff FCC 73, also apply.
