

3 CARRIER COMMON LINE ACCESS SERVICE

3.1 Except as otherwise provided below, regulations in Section 3 of the Ameritech Operating Companies Tariff F.C.C. No 2 relevant to intrastate service provided in the state of Wisconsin apply to service provided under this tariff.

3.2 Local Exchange Toll Provider Exceptions

In addition to the application described in the above referenced tariff, Carrier Common Line Access also provides for the use of common lines of local exchange companies other than the Telephone Company where the local exchange company is associated with Wisconsin Bell for purposes of providing switched access to a local exchange company providing intraLATA services as an interexchange carrier. Where the customer is provided use of the common lines as described above, rates and charges will be the equivalent of the local exchange company operating the exchange at which the access is provided.

3.3 Rates and Charges

3.3.1 Rates for Carrier Common Line Access contained in Ameritech Operating Companies Tariff F.C.C. No 2 are not applicable to service provided under this tariff.

3.3.2 Except as provided in 3.2 above, the rate for Carrier Common Line Access is:

| <u>Transitional Charge</u> | <u>Rates</u> | |
|--------------------------------|--------------|-----|
| Premium Access, per minute | | (T) |
| - Terminating | \$.0000000 | |
| - Originating | .0000000 | |
| Non Premium Access, per minute | | (T) |
| - Terminating | .0000000 | |
| - Originating | .0000000 | |

3.4 Assessment of the PICC

If the end user line is not presubscribed to a primary interexchange carrier, the PICC will not apply. If the local exchange service is provided on a resold basis by a telecommunications carrier other than the Telephone Company, and the end user has not chosen a presubscribed interexchange carrier, the reseller will be assessed the PICC.
