(C)

A. DESCRIPTION

(For description, see Wisconsin Bell, Inc., P.S.C. OF W. 20, Part 4, Section 2.)

B. TERMS AND CONDITIONS

(For terms and conditions, See Wisconsin Bell, Inc., P.S.C. OF W. 20, Part 4, Section 2.)

For toll usage commitment plans, aggregation of usage will be done at the Carrier level on a per commitment plan basis. For this purpose, a commitment plan is defined as the same term/volume commitment combination. A Carrier may resell Ameritech ValueLink Extra to its customers (end users) by either:

- assuming an existing Ameritech ValueLink Extra commitment plan (with time remaining) to which its customers had individually subscribed from the Company. Assumption of existing commitment plans can result in Carrier reselling service to a group of customers many with diverse commitment plans, in which case, compliance with minimum usage requirements and the application of any discount will be aggregated for the Carrier by like commitment plans and/or
- subscribing to its own Ameritech ValueLink Extra toll commitment plan for new Carrier customer applications to establish a single, discrete commitment plan to which the minimum usage requirements and the application of a discount will be aggregated across all Carrier customers.

Should a Carrier customer elect to terminate its existing commitment plan and pay any applicable termination charges, such Carrier customer would be eligible to be incorporated into the Carrier commitment plan as a new application by Carrier for resale to its customer. The terms and conditions of each commitment plan assumed by the Carrier, or of the Carrier commitment plan for each new Carrier customer application incorporated therein, will be applied at the Carrier customer level.

/1/ Effective November 12, 1999, no further installation of, or changes to ValueLink Extra will be made to new Carriers. A Carrier with ValueLink Extra service in service on, or prior to, November 12, 1999, may continue to receive service only for as long as such service remains at the location at which service is being furnished on the aforementioned date. Such Carrier may not extend, renew, or otherwise lengthen the term of such arrangement. Ameritech ValueLink Extra service will be withdrawn on November 12, 2002, or earlier, in the event that the in-service count declines to zero.

/1/

EXAMPLE 2: If the Carrier's customer terminates the CompleteLink® 2.0 agreement after month 18 the Carrier's customer will be liable for remitting to the Company \$675 of the accelerated discount received, calculated as follows: [\$1,800 upfront + \$900 (10% of the \$9,000 MARC/3 year term for their 1 year accelerated discount) = \$2,700]/36 total months x 18 months remaining = \$900 x 50% = \$675.

E. Carrier's customers who have terminated a CompleteLink® or a CompleteLink® 2.0 agreement for the purpose of establishing service with another carrier and who now return to Carrier and sign a new CompleteLink® 2.0 agreement will receive a one-time waiver or refund of termination charges associated with early termination of their former CompleteLink® or CompleteLink® 2.0 agreement. 3. MARC Downgrade Allowance for Technology Upgrade

Termination liability charges will not apply if during the term of the CompleteLink® 2.0 agreement the Carrier's customer disconnects one or more of the services which are specified under Column A below, and those services are contributory to their CompleteLink® 2.0 MARC, and replaces the service(s) with the Company service specified on the same line in Column B, and as a direct result of that replacement the Carrier's customer's annual spending on those services is reduced (comparing Carrier's customer's current spending on the removed services and the anticipated Carrier's customer spending for the replacement services), and that reduction results in a 50% or greater difference between the Carrier's customer's current MARC and the next lower MARC, at the Carrier's customer's option and request, the Carrier's customer may terminate the existing CompleteLink® 2.0 agreement without termination liability provided: a) the Carrier's customer enters into a new CompleteLink® 2.0 service agreement for a term period which is equal to or greater than the time remaining on their current agreement, and b) the MARC on the new agreement is the next lower MARC. For purposes of the waiver, "as a direct result" means that the newly installed product(s) must be installed at the same customer service location(s) and in the same relative quantity(ies) as those being displaced. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this provision.

Example: Carrier's customer has a CompleteLink® 2.0 \$18,750 MARC, 3-year agreement, with 18 months remaining. MARC attainment in current year is 60%. A Carrier's customer replaces its Analog Trunks to ISDN Prime, which would result in an annual spending reduction of \$3,000 from what was spent for the Analog Trunks. At the time of the new contract, the CompleteLink® 2.0 tariff reflects the next lower MARC to be \$13,500, so the Carrier's customer may terminate its \$18,750 MARC agreement without liability if it enters into a new 2-year (24 month) CompleteLink® 2.0 agreement at the \$13,500 MARC. The applicable discount will be that available with the \$13,500 commitment level.

/1/

This MARC Downgrade waiver described above only applies to the termination charges applicable to the CompleteLink® 2.0 agreement. Termination charges may apply on those services being disconnected, and the application of those termination charges are not affected by this waiver. All applicable recurring and non-recurring charges apply to the installation and removal of services. Products and services are subscribed to separately and not as a part of the CompleteLink® 2.0 subscription. As a result of selecting a reduced MARC level, discounts provided under the new CompleteLink® 2.0 agreement may be less than those received under the higher MARC agreement (discounts for the new agreement will be those applicable to the new MARC level under the CompleteLink® 2.0 tariff in effect at the time the new contract is executed). The 90-day service guarantee described in E.2. (as specified in Part 4, Section 2 of this tariff) does not apply to the new agreement.

D. Business Downturn

For purposes of this product offer, the term “Business Downturn” is hereby defined to mean an unplanned, measurable change in business conditions affecting the Carrier’s customer’s business that is outside of the Carrier’s customer’s control and that materially and negatively affects the Carrier’s customer’s need for the level of Carriers services originally committed to hereunder. The Carrier’s customer specifically acknowledges that the transfer or substitution of these services to another provider during the term hereof does not qualify as business downturn. This provision may be invoked by the Carrier no earlier than after the end of the first year for a 24-month or 36-month agreement. To invoke this provision, the Carrier must provide in writing to the Company the facts which support its request for Business Downturn consideration, and the Company will solely determine whether the customer’s business conditions satisfy the definition of “Business Downturn.”

Upon the Company’s determination that a Business Downturn has occurred, the Carrier and the Company shall then negotiate in good faith an appropriate and commercially reasonable change to the Carrier’s commitments hereunder. Examples of appropriate and commercially reasonable changes include (but are not limited to) a modification to the term or number of lines committed under the agreement. The Parties shall continue performance under this Agreement while they are in negotiations. If no agreement can be reached regarding a change to the Carrier’s commitments, then the rates, terms, and conditions of this Agreement shall remain in effect for its Term. The Carrier may invoke this provision only once during the term of this Agreement.

/1/ Effective January 14, 2009, no further installation of, or changes to, AT&T Business Local Calling Essentials – Block of Time will be made to new Carriers.
